Project Delta Quarterly Update, Construction Timelines **April 2019**

Norlite, LLC (Norlite) is providing a project update as indicated in the Project Delta Public Participation Plan (2018). This update serves as a preliminary and proposed construction schedule for the installation of the new Air Pollution Control (APC) system.

April 2019	Site Surveys and Ground preparations
May 1 – 15, 2019	Foundation preparations and initial delivery of materials
May 15 – 30, 2019	Foundation Excavation, material staging, Civil construction activities.
June 2019	Foundation Pour, equipment mobilization and Civil Construction activities
June – December 2019	New APC erection
August – December 2019	Electrical Installation
November 2019	Kilns Shut down to complete construction
December 2019	Kilns start up for initial testing (No Waste)

Once construction is complete, the new APC system will require two to three months of commissioning which will include operational optimization by the vendor and performance testing as required by NYS DEC and EPA regulations. Those activities are scheduled for January through March of 2020. Additional updates will be provided at Norlite's web site www.Norliteagg.com.
